

About the Youth Summit

100 very active youths from over 30 countries are coming together for our Youth Summit at Evangelische Akademie Tutzing (Tutzing Castle).

We all give regular presentations on the issues of the climate crisis and the survival of our generation. At least two of us have already spoken in front of the General Assembly of The United Nations and many more of us have had negotiations with our heads of government. We are actively involved in the global discussion on this topic and are spreading the message and motivating others all over the world to join our global network in our fight for survival. We will be the future leaders.

As a representative of today's 3 billion youths, at this conference we want to make it clear that we must act now to ensure our survival.

Plant-for-the-Planet's international Youth Summit will be taking place from 20-25 May 2015 at Tutzing castle. We will be elaborating on a proposal for solutions to ensure our survival and will send a message to the world's leaders meeting a few days later at the G7 Summit and Bilderberg conference, both of which are just 40 miles away from our Youth Summit. The decisions made during COP21 in Paris are essential for our survival.

Youth Summit 2016 (11 - 16 May) will cover the Global Energy Revolution.

How to find the Evangelische Akademie Tutzing

It takes you about 10 minutes to walk from Tutzing station to the Evangelische Akademie via Bahnhofstrasse, Hallberger Allee and Hauptstrasse.

The activity takes place in the framework of the Protestant network for citizenship education of young people (Ev. Trägergruppe für gesellschaftspolitische Jugendbildung) and is supported by the Federal Ministry for Family Affairs, Senior Citizens, Women and Youth - BMFSFJ.

The event is supported by the Church Development Service of "Brot für die Welt", HIT Umweltstiftung, Europamöbel Umweltstiftung, Petra Kelly Stiftung and Stiftung Otto Eckart.
